Wyatt Shobe.

Del B. Wyatt and Miss Nannie P.
Shobe were united in marriage at the
home of Rev. and Mrs. T. W. Pen-
ick on S. F. street at 5 o'clock Thurs-
day afternoon. Rev. Penick officiat-
ing. The beautiful rite ceremony
was used. The bride was attended by
Miss Florence Penick, and the groom
was attended by Harry Clayton. Miss
Nellie Shobe preided at the piano
and played the wedding march as the
procession entered the room. The
bride and groom stood under a beautiful
floral horseshoe which hung from an
elaborately decorated floral arch.
During the ceremony the Misses
Bradley played softly a violin duet,
which blended with the words of the
officiant minister.

The bride wore white silk, trimmed
with lace and pearls, and carried a
bouquet of bridemaid roses. Her at-
tendant wore blue silk, and a solitary
diamond, and carried a bouquet of
carnations. The flower girls wore
Frederick and Vaughn's Waynick,
and they scattered carnations in the
 bridal path.

The Penick home was beautifully
decorated for the wedding. Mrs. S.
P. Kramer had charge of the decorations
and managed the wedding, and
Miss Minnie Mordie designed the
beautiful arch and horseshoe.

At the conclusion of the ceremony,
congratulations and well wishes were
extended, and a bountiful lap supper
was served. There were between 75
and 100 guests. The bride and groom
were the recipients of a large number
of presents, representing, besides the
tokens from Sumner county friends,
remembrances from relatives and
friends in six states.

The contracting parties, while not
residents of Wellington for several
years past, are well known here,
having grown to manhood and woman-
hood in this city.

The bride and groom left over the
755 Rock Island at night for Wich-
ita, from which place they will go to
Gate, O. T., to make their future home.

Learned from a 16 year old County

than in any other county in the state,
east or west.

Willie Jefferson, a 9 year old, is con-
ducting a big revival meeting at

reports of Willie's meetings make
Colleyville appear to be a very lively
town.

A recent issue of an Ogden (Utah)
daily paper relates that J. M. Zinn of
that city has received news of a rich
strike in his mining properties in
Nevada. Mr. Zinn is a brother of
Mrs. E. C. Trowbridge of Wellington,
and an uncle of Miss Zolide Zinn. His
mining property is in southwestern Ne-
vada, in Esmeralda county. The "Well
Digger" mine, in which he is largely
interested, is turning out a high grade
of silver ore and has caused a good
deal of excitement in Nevada mining
circles. Assayers who have assayed
the ore say it is more like melting
bullet than making an assay. The
"Well Digger" is about 30 miles east
of the Silver Peak district, one of the
greatest gold camps in the world.
Park Trowbridge owns 4,000 shares in
the mine.

The census bureau has punctured
the inflated population of Oklahoma
towns. The returns of the govern-
ment enumerators show only eleven
cities with a population exceeding
2,000. At least fifty Oklahoma towns
claim a population of over 2,000. Eld-
orado has always claimed 12,000 people, El
Reno 1,000, Perry 10,000, Kingfisher
9,000, Guthrie 15,000, and Oklahoma
City 12,000. The government enu-
meration shows the population of the
eleven largest towns as follows:

The Railroad Strike.

Superintendent G. E. Ayer of the
Pawnee division reports all tele-
graph stations on his division open
today with the exception of the one at
Sawyer, Pratt county, on the Enle-
wood branch. This office will open
without delay, as a man has been em-
ployed to take the place of the
striker there.

The places of the three Wellington
strikers have not yet been filled, and
the road is apparently in no hurry to
fill them. Better operators are re-
quired at Wellington than at other
points on the division, and the road
will pick its men for this point. In
the meantime, traffic is being
handled without delay and there is
no interference whatever with pas-
senger or freight traffic. The situa-
tion on other divisions of the road is
equally encouraging.

After a secret meeting of the tele-
graphers at St. Joe yesterday, lasting
the greater part of the day, the gen-
eral grievance committee of the O. R.
T. gave it out that the strike was by
no means ended and that a surprise
will be sprung on the company very
soon—probably within twenty-four
hours. The meeting yesterday was a
secret one, and it was not intended
that the presence of the telegraphers
at St. Joe should be known. The
meeting was held to escape the
officials of the company and their
spotters. Members of the committee
refused to divulge any of the details
of the surprise they say they have in
store. They say they have per-
suaaded most of the men hired to take
places of strikers to desert their posts.

M. M. DeHoff, president of the O.
R. T., has taken up his headquarters
at Topeka and threatens to do a few
things to the Santa Fe in a few
days. The Santa Fe officials say
they are not worried and declare that
"the strike is closed."

G. E. Hoffman, who took the place
of a striking operator at Solomon,
this state, was wanted on by a crowd
of toughs one night and or-
dered to leave town. The sheriff is
protecting him, and he is still at his
post.

A dispatch from Topeka, bearing
on the strike situation, says:
Should the Santa Fe officials per-
sist in refusing to arbitrate the differ-
ences with the Order of Railway
Telegraphers, a systematic boycott,
it is said, will be sprung by the mem-
bers of the order all over the country
and an effort made to bring the
road to time by cutting off its busi-
ness. The Order of Railway Tele-
graphers has about 12,000 members,
comprising telegraphers and station
agents on every road in the United
States. If no agreement can be
reached, an order will go out to all
members of the order to route all
passengers and freight business, both
from the east and west, by some other
line than the Santa Fe. Eastern
agents, instead of routing California
traffic over the Santa Fe, will turn it
to either the Southern Pacific or
Union Pacific. The former, however,
will be given the preference as the
telegraphers have a very advantage-
ous scheme with that road. Freight
business will be handled in the same
manner.

"We can bring the Santa Fe to
terms," said a prominent striking
telegrapher today, "if we are com-
mended to adopt this method. We
have tried it before in Colorado and
in the east on the Chicago, Burlington
& Quincy. In each instance we were
successful, as we ruined the business
of the company for the time being.
We have it in our power to take away
from the Santa Fe practically all its
through freight and passenger busi-
ness, and we have assurances from
the men on the roads that they will
act in our interests as soon as notified.
Representatives of the trainmen,
conductors, engineers and firemen
held a conference last evening with
General Manager Mudge of the Santa
Fe, for the purpose of attempting to
mediate the trouble between the road
and the Order of Railway Telegraph-
ers. While no agreement was reached,
the board of mediators was encour-
aged by Mr. Mudge to hold a confer-
ence with Third Vice President Barr,
which will probably be done Monday
or Tuesday at Chicago.

K. C. Journal: A man called at the
police station last night to see Solo-
mon Temple, who was arrested Wed-
nesday by Detective Matt Kenney.
Temple is wanted in Sumner
county, Kansas, and Grant county,
Oklahoma, where a reward is offered
for his capture, dead or alive. Those
who know him in Oklahoma have
thought that he would never be taken
alive and Temple has often said the
only way to catch him was to first kill
him. When Kenney jumped out of
the alley Wednesday and faced Tem-
ple he had his finger on the trigger of
his gun, prepared to shoot like a flash.
For a moment the two men faced each
other in silence, Temple advancing
his head slowly, and at last saying,
"Well, I guess it is all right." He
had failed in his boast. The friend
who called last night said it would be
unsafe for him to give his name, un-
less he wanted to be perhaps killed for
talking when he got back home.
Temple not only got the drop on
Butte, but a second later went
through the same operation with a
deputy sheriff with Butte. Then he
compelled the driver of the wagon
who had brought the officers to fall in
line. Then Temple forced the three
to go down into the cellar, where he
securely fastened them in. With a
threat to his wife that he would kill
her if she let them out, he went out
of the house and disappeared with the
team. No one ever thought he would
be taken alive.
